In order to receive ScripNow and Reloads in the quickest time, sign up for Presto-pay. Presto-Pay is a secure online payment system. After setting up your ShopWithScrip account, use the My Account tab to sign up for PrestoPay. Follow the directions; when you receive your approval code, forward it to the district coordinator, Cindy Dewey GBEFscrip@gmail.com . After the initial setup, there is always a two-step process to complete the payment authorization, with a password and a PIN.

Once you have your Presto-Pay activated and have submitted your approval code, you are on your way to Scrip purchasing on your time schedule¹. Over 270 merchants participate in ScripNow and 80 are in Reloadable.

If you choose not to use PrestoPay, after setting up the family account, you can still use the website features. Choose “Pay with Check” if you will get a check to the coordinator (through your school) or have a credit card on file for payment. Instant products and reloadable items will take longer to receive if you need to use payment other than PrestoPay.

When ordering your ScripNow, Reload/ReloadNow, or standard cards, order carefully – CARDS ARE NOT RETURNABLE – MAKE SURE YOU ARE ON THE RIGHT SECTION WHEN PLACING THE ORDER.

¹ Cards are not available in every format. ScripNow and ReloadNow actions are generally complete within minutes; Reload occurs during business days only and may take 1-2 days to complete. Ordering physical cards takes place during the regular school order dates.
